

**GLORIA3** is totally self-contained. It runs on four D size flashlight batteries or an AC adapter. Gloria has a built-in speaker with a 5-watt amplifier. The volume from the speaker is adequate for a group of ten to twenty people. For use in larger churches, a sound system, keyboard amplifier, or guitar amplifier can be plugged into the external audio jack.

**GLORIA3** has 800+ hymns from The Celebration Hymnal, one of the best selling hymnals in the world, published by Word Music/Integrity Music. As new songs become available, you will be able to purchase them, and download them over the Internet.

### Features:

- Both 6-channel, 4-instrument, and full 16-channel orchestral accompaniment
- Both Spanish and English prompts in LCD display window
- Organ only, piano only, quartet, or full orchestra mode
- Each channel (or instrument) volume is adjustable
